JULY 2015

On behalf of the Romanian Rhinologic Society, we dearly invite you to attend the 3rd Congress of the Society, which will be held in the beautiful medieval city of Sighisoara, situated in the heart of Transylvania. The city is a great place for reliving the medieval atmosphere, being the only inhabited medieval citadel in the world today. We are sure that due to our proved scientific and organisational expertise together with the scientific program and the tourist attraction represented by the area of Transylvania, the congress will be a special event and will remain in the hearts of all participants.
